MID-CENTURY MAGNIFICENT

Incorporating luxury materials such as real wood veneer and tactile spun copper switches and knobs, the Klipsch Heritage Wireless series of powered audio systems blends the acoustics and classic design legacy of Paul W. Klipsch with the latest technologies available today.

PROFESSIONALLY TUNED STEREO SOUND

The diminutively sized Klipsch One is a 2.1 stereo system biamplified for audiophile resolution and features two 2 1/4" full range drivers and a 4.5" woofer, professionally tuned by Klipsch acousticians to deliver a crystal clear acoustic performance with great bass. You'll be surprised at the sound quality that comes from such a small package.

BLUETOOTH® WIRELESS TECHNOLOGY

The One tabletop stereo system features Bluetooth® 4.0 Wireless technology so you can enjoy streaming internet services, internet radio, or content stored on your phone or tablet. Pairing your Bluetooth® device with The One is extremely easy – just press and hold the source button on The One and select Klipsch The One on your smartphone.

3.5MM ANALOG AUDIO INPUT

The One also features a 3.5mm analog input, so you can connect any audio source via either a 3.5mm to 3.5mm audio cable or an RCA to 3.5mm audio cable. Connect your CD player, computer (via the headphone output jack), Blu-Ray player, or any audio source and get ready to rock the house.

8-HOUR RECHARGEABLE BATTERY

The One features an 8-hour rechargeable Li-ion battery so you can move it to different rooms throughout your home.
