

SCALE, POWER, REFINEMENT

212 *Black Label*

Nothing else in the Serie S family delivers this much of everything. With dual 12" active drivers and dual 12" passive radiators firing across three planes, the 212 Black Label anchors the largest theatres or drives world-class stereo systems with stunning scale. Its unique three-plane cabinet design ensures unmatched output and room-filling authority.

It's REL's most dynamic Serie S design, combining massive output with speed, nuance, and control. Delivered with a matching black cloth grille and optional premium wood grille, the 212 Black Label is commanding in performance and presence.

As with all Serie S models, the 212 Black Label is Airship Direct™ ready, offering wireless freedom without sacrificing speed or detail.

Tailored For:

- High-output two-channel
- Large-format theatres
- Vertical scale
