

CARBON POWER, CRAFTED DETAIL

Carbon Special *Black Label*

Carbon Special Black Label is the pinnacle of Serie S in a medium chassis. At its core is a 12" all carbon-fibre driver, lightning fast and refined, paired with a re-engineered passive radiator for breathtaking articulation and depth. Its new, wider lower cabinet delivers improved scale and presence while blending seamlessly into refined spaces.

Every Carbon Special Black Label comes standard with sculpted premium wood grilles, functional and beautiful, while optional cloth grilles offer a more understated look.

As with all Serie S models, the Carbon Special Black Label is Airship Direct™ ready, offering wireless freedom without sacrificing speed or detail.

Tailored For:

- High performance two-channel systems
- Exceptional home theatres
- Stereo Pairs & Line Arrays

Grilles: Premium wood; optional standard cloth grille

Finish: Piano Black

Key Technical Highlights:

- Drivers: 12" pure carbon-fibre cone + carbon passive radiator
- Amplifier: 900W Linear Class D
- Cabinet: Wider, lower profile for greater presence
- Low Frequency Extension: -6dB at 19 Hz
- Wireless: Airship Direct™ ready
